MARY KAY GROVE

Our school was saddened on March 25 by the tragic death of Mary Kay Grove. Mary Kay had come back to us after an illness of about ten days, promptly made up her work and resumed her student activities. Her family, physician, and friends had no reason to suspect that her busy young life would come so soon to an end.

Mary Kay Grove was loved and respected by all who knew her. She had a dignity and sweetness of nature which set her apart from the rest of us — apart, but not aloof, for she was always kind, friendly, and generous.

God in His infinite wisdom has summoned Mary Kay to another and a better life. We are grateful for the opportunity we had to number her among our friends.

It is with deep gratitude and admiration that we, the Class of 1961, dedicate the HORNET to you, Mrs. Emily Baldwin and Mr. Charles Zilius.

IN MEMORIAM

JESSE MUSSELMAN

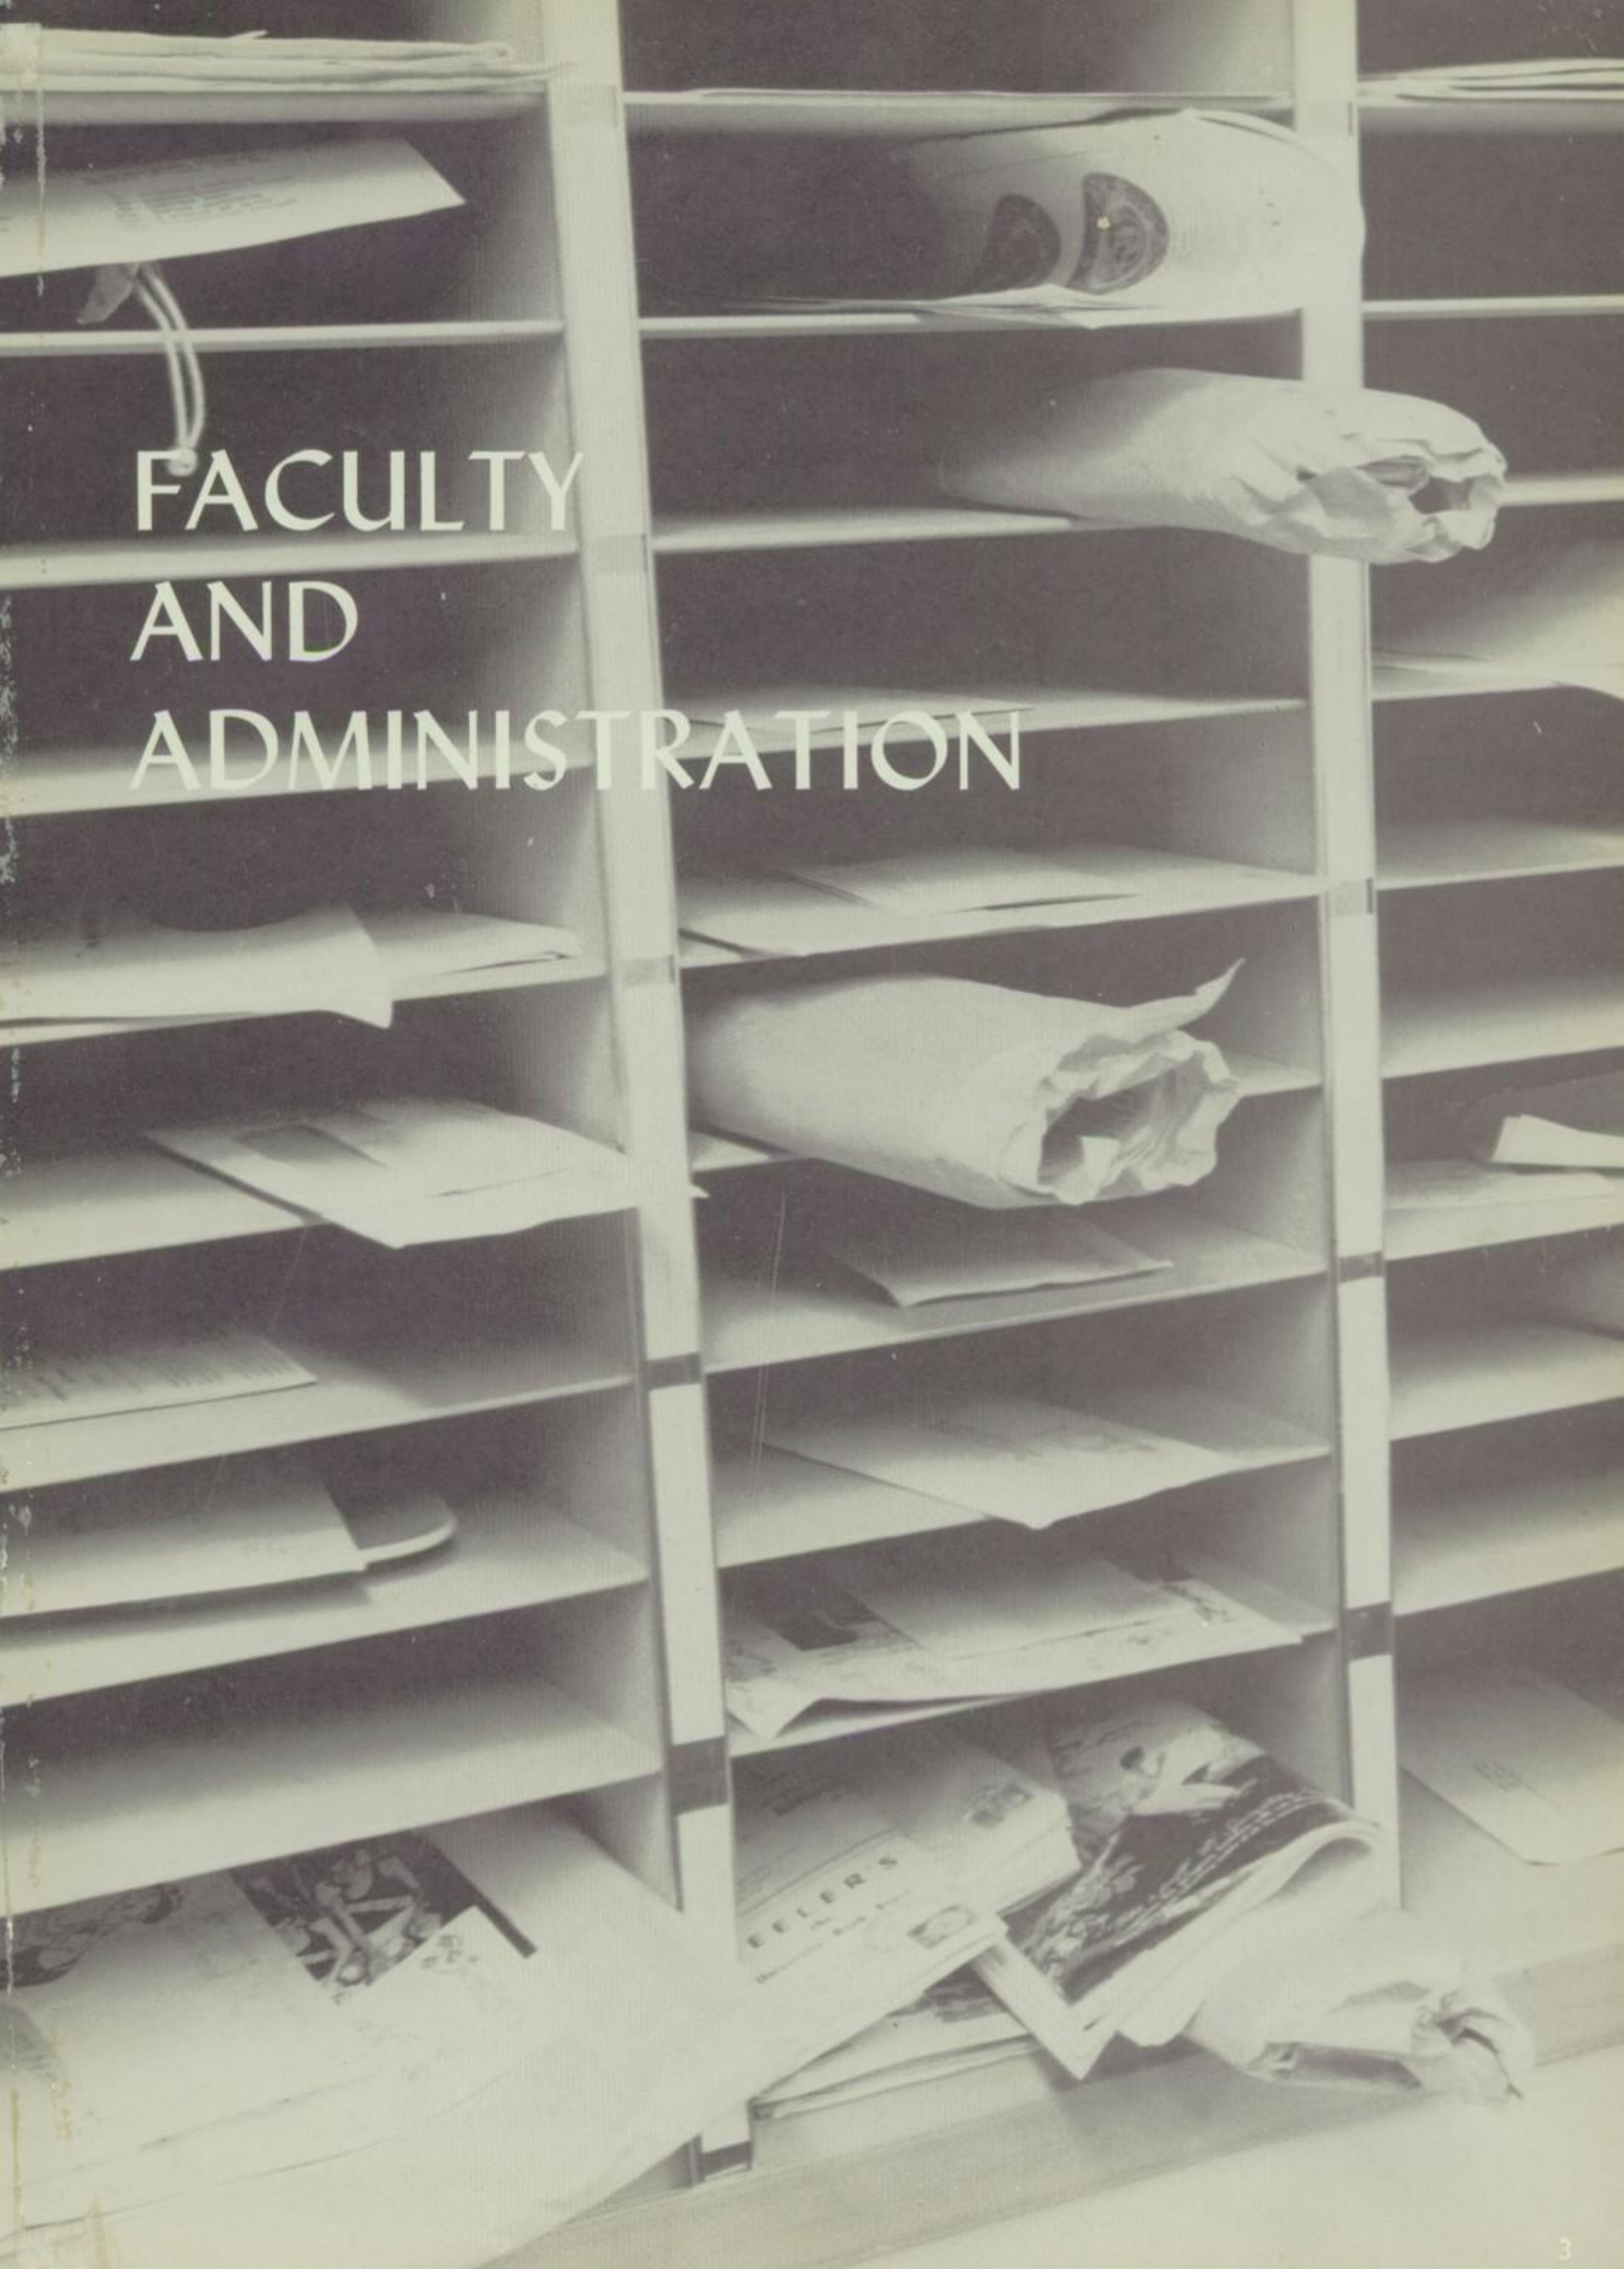
This page of the 1961 Hornet is in memory of a good friend and schoolmate, Jesse Musselman, class of 1960, whose life was tragically taken on September 18. Most of us remember the quick, flashing grin and the carefree, likable disposition which set Jesse apart in any group.

No one knows why Jesse was called so suddenly just as a new life was beginning for him - dedicated to the service of his country. All we can do is trust in God's wisdom and fervently pray that such tragedy will never again strike among us.

It was an unavoidable accident which claimed the lives of Jesse and his father on that rainy fall afternoon - but a highway accident nonetheless.

If this untimely death can serve to make us all more conscious of the dangers of the highway, then Jesse's life will not have been lived in vain.

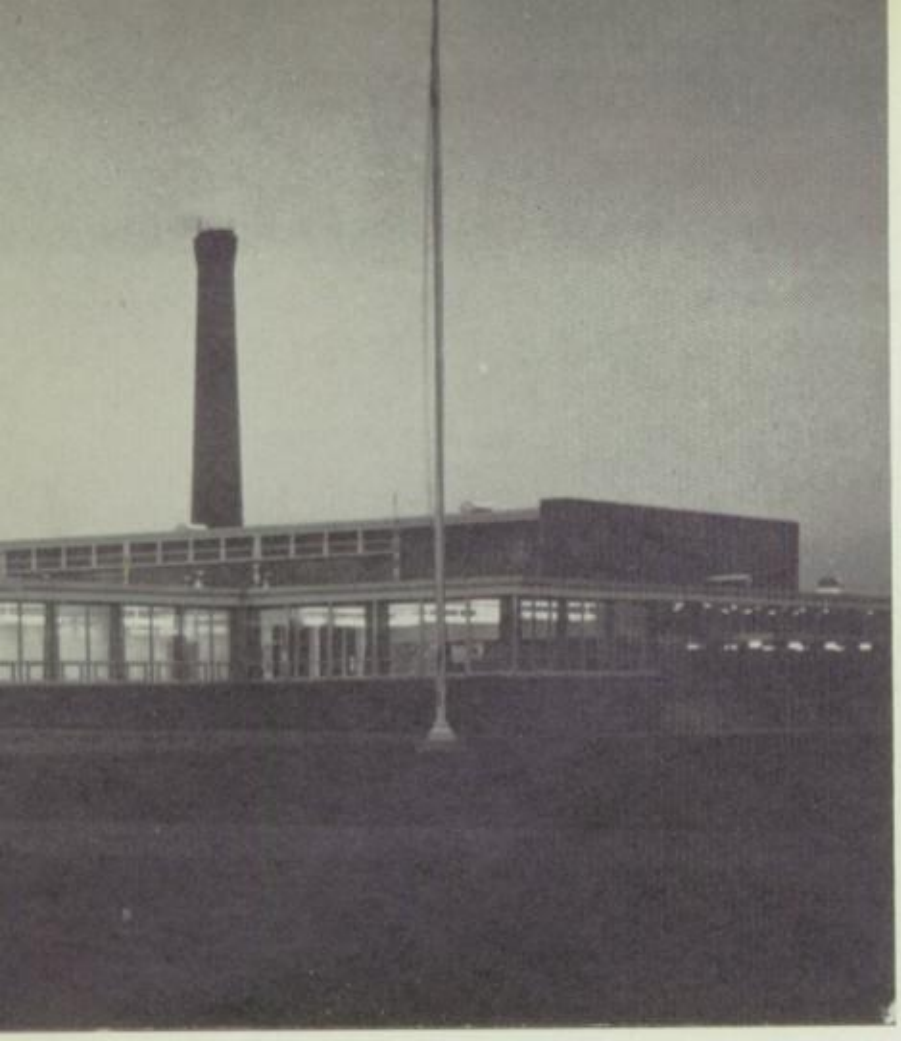
FACULTY AND ADMINISTRATION



Today you, the members of the class of 1961, take your place in a World Society. You are the most important factor in this world of automation. Upon you rests the greatest stake in World Peace that young America has ever experienced. The future is what you live for and without peace and understanding there maybe no future - for you or for the world.

If you BELIEVE this, if you can communicate it to those with whom you work, you will be worthy of your place in the company you join today.

WARD S. TAYLOR
Supervising Principal



PRINCIPAL'S MESSAGE

In a few weeks, you, the Class of 1961, and thousands like you will be turning your thoughts from football and basketball, from class plays and dances, from dates and report cards to what lies ahead.

Some will go to college, others to business, trade, and professional schools. Still others will enter the military service, and many will go immediately into jobs and get started in their life careers.

Whichever the road, in this land of opportunity the boy or girl with unswerving ambition, a desire to learn, and the willingness to apply to the task at hand can confidently look forward to the fulfillment of the goal about which he dreams.

The important thing in your life is to become a respected member of your community, a substantial citizen, successful in your chosen line and a dependable pillar in worthwhile civic undertakings.

Success, health, happiness and a wholesome life --this is my parting wish for you as you prepare to enter this new, exciting phase of your life.

ALMA MATER

Hail! Hail! to thee, our Juniata Valley!
School that we love and always will revere.
Sing now these praises to our Alma Mater -
In memory, thy name we hold dear.

Hail, green and white, our voices shout thy glory.
Our echo's rising O'er every hill and dale.
With joyful pride, we raise aloft our emblem.
Singing thy praises, hail, J.V., hail!

FAREWELL TO J. V. HIGH!

Farewell to J. V. High!
Now we, the seniors, go.
Friends we leave and classmates
Who have shared our joy and woe.

To friends and teachers left behind
We'll bid a fond farewell
Then walk into the future -
What it holds, no one can tell.

Many roads before us lie
And hills we'll try to climb.
With knowledge gained and God's good hand
Success will come with time.

Though we go our different ways
From us will ne'er depart
The memories of our teachers
Who helped us get a start.

Followers in the past we've been;
Leaders in the future we'll be;
And all success and honor gained
Will be due to dear J.V.

SEA FANTASY

CLASS PROPHECY

The year: 1985
The time: Mid-winter
The place: Oceania, the New World state headed by the supreme dictator, Big Brother.

We are going to attend a meeting in the Ministry of Peace, a building within whose walls history is being made. We see that the building is being repaired by a group of workmen headed by Colleague John Tennis. The damage is a result of the recent bombings by the Utasian Forces, who are at war with Oceania.

We enter the office of the Secretary of Defense, Edward Carolus. The meeting is already in progress and the heads of the Departments of War are discussing foreign relations and reporting on the condition of their armies. General B. Richard McElwain, Secretary of the Air Force, reports that his astronauts, Col. David Kern, Capt. Raymond Franks, Sgt. Thomas Ewing, Lt. Frederick C. Bousum, Capt. Clarence Alter, Major George Fry, and Col. John Ryder, stationed on the planet Marsonia, are prepared to launch nuclear rockets when orders are received. The Secretary of the Army, Lt. Gen. Kenneth Hearn, is absent. It has been reported that he has gone to his woodland retreat for a rendezvous. His assistant, Col. Lloyd F. Hammond, will give the report on the Army. After being awakened by his secretary, Judith Rockey, he delivers his account of the rocket explosions in the vicinity.

> "Dr. David A. Hickes and his nurses, Colleagues Backus, Keller, Kurtz, and P. Ross, and his X-ray expert Colleague S. Marshall, are cited for their tremendous efforts in combating the resulting injuries and radioactive fallout. The new method for treating fallout victims, perfected by the internationally renowned scientist and the world-famous chemist, Drs. C. G. Bush and D. L. Blair, was effectively used."

After completing the report, Colonel Hammond immediately resumes his previous indulgence.

The head of the Department of the Navy, Admiral R. Joseph Dewey, reports that his forces in the South Seas headed by Lt. Robert Yocum are in desperate need of supplies. The Defense Secretary summons to BIG BROTHER the chief aide, Colleague Kathryn E. Chesney. She arrives with her staff of secretaries and typists who are hand-picked to take down the information about the men and equipment needed. The staff is composed of Colleagues Kling, Koesbauer, Burkey, M. Grove, Griffin, Crum, Hawn, and McMullin.

Immediately planes will be dispatched carrying machinists, including Colleague W. Reihart, who is famous for inventing the left-handed monkey wrench; agriculturalists headed by Colleague Thomas B. Eberle, who perfected the new breed of cattle (Holshires who give chocolate milk and eat nothing but bailer twine); and two dieticians, Colleagues A. Yocum and A. Ross, who have been instrumental in developing pizza with wonderful food value. The sauce for this dish consists of asparagus, mashed potatoes, chocolate bars, yogurt, mayonnaise, and skunk cabbage. On the plane, the passengers will be kept contented by hostesses Glenny and Fry.

Admiral Dewey reminds Chief Aide Chesney that no entertainment has been provided for the men on the atomic submarines, which have been submerged for three years. She places a phone call to Barry Hohman, comedian and poet, who organizes a show to entertain the Navy men. F. F. (Fi Fi Fabre) undisputed glamor girl of the 80's, will headline the performance. She began her career as Sharon Deihl in the all-time Broadway hit, "The First Weeping," by R. E. Snyder. Also in the show are the great band of Dorothy Diehl and Co.; the Lightner girls, Emily and Connie, who are famous can-can dancers; their accompanist, Marilyn Coffman; and the wealthy playboy actor, Clair P. Burket. Included in the party are some of Fi Fi Fabre's staff: Sue Grove, hair stylist; Catherine Zimmerman, lady in waiting; Judy Claar, private secretary; Sandra Cooper, traveling companion; Willis Sneath, bodyguard; and Barbara Stringer, private tutor in French.

Getting back to the Ministry of Peace, Admiral Dewey concludes his report by requesting that medals of bravery be awarded to Captains Ormsby, McMahon, Glenn, D. Yocum, and Brigadier General Richard Deihl for their distinguished service in assisting little old ladies across streets (whether the little old ladies wanted to cross the streets or not.)

At this point of the meeting, in rushes the missing Lt. Gen. K. Hearn. He has returned from his retreat in order to see that his troops get their well-earned citations for extended service on K. P. The cited servicemen are Privates Port, R. Lightner, McClain, and Frazer. The men will receive sixty green stamps for this citation.

Just as the meeting is returning to order and Lt. Gen. Hearn is leaving, the meeting is again interrupted by the two greatest contemporary artists, Colleagues V. Dietz and J. Frye, who claim their work has been disturbed by a group of politicians headed by Rebecca Donnelly and Marjorie Staylor.

At this news K. E. Chesney becomes quite indignant because it is common knowledge that political organizations are against the law in Oceania. She commands that the politicians be sent to Room 512 in the Ministry Building where Colleague S. Horn is in charge of punishment.

Suddenly he air is rent by the sound of a bell; for the time has come for the program, "Two Minutes Late," and Colleague Roseborough comes in to take us to the telescreen where we shall see Colleague Bell delivering the message.

ast night, the gymnasium was
scene of one of the events
st looked - forward - to by the
idents of this area. The Donkey
sketball Game matched the
nco - bustin' abilities of the
ustrial Arts Club against those
the FFA members. The an-
provided by both the animals
l their sharp - shooting riders
re well worth the price of ad-
ssion. The donkeys for this tour-
ment were the property of the
sco Donkey Ball Company, New
iladelphia, Ohio.

WHERE DO YOU RANK?

Only 15⅔% of the whole student body of Juniata Va
on the honor roll the last marking period; 71 % of these
were girls and 28 % were boys. Results of an observation
dents leaving school on January 6, 1961 explained why
tistics are as they are. On this particular week end, which
used as an example for every day; every week end, 162 girls
215 girls enrolled in Juniata Valley took at least 2 text book
Only 25 boys out of 210 boys took at least 2 text books ho
the same week end. These results prove that homework an
are what makes the difference. Many students haven't
book home this year. Many more take them home but ne
at them, using the excuse that they don't care. These stud
pointed out and talked about by teachers, principals and
everyday. The trouble is, although people classify such stu
the most lowly ignorant people, they joke back about it. "
is said to the students themselves." Thus, they don't real

Love That Latin!

Latin is a language
(I mean supposed to be)
For every time I see it
It gets me kinda peeved
Mrs. LaPorte is sorta nice
She called on me to speak
I opened up my Latin book
And thought that it was Greek.
I used to think that it was neat
(I must have made an error)
For the only words I know
Seem to be getting rarer
They can't use common names
Names like Jim and Joe
They have to use the toughies
Like Midas and Horatio
My work ain't good I know
It's surely not the best
But oh! those crazy marks
The low ones on the test
If I could find a magic pill
To help my Latin grades
I'd give a hun'red dollars
And maybe the "Ace-of-Spades"
Because the thing for me
That seems so hard
Is taking home that
Darn report card

Hello, there "Carolene",

Now these words I say won't be too pleasant;
Wait till we get to Pine Hill Remember all
the good + "bad" times we had together such
as the incident at Mt. Union. Lucky you, I
hope you get everything you desire in life that
is good for you + if it's bad I hope you still
get a little if you want it. Don't mind my
writing. I promise not to walk in on you anymore
if you don't want me too. Okay? Next time
I'll knock. See you the next time I look
at you.

A friend always
Rookie

Carolene,

May you have success and happiness in all you do.
This hardly seems enough to say to a special friend like you,
(So I'll fill up space). I hope you don't remember, I
hope you forget all about that time Rosalie and I walked
in - and there you were - you and someone that I
won't mention. But I hope you will always remember
the fun and good times we've had together, staying at
your house before the games, going to the movies, and "you"
flirting wild, and partying with all the boys. We'll be seniors
next year and here's wishing all the success in everything you
do. A friend always,

"Barbara"

The best of everything
is wished for you
in the future. May
your success in everything
you do & try. Always
remember all the good
times we had.
Always.
Judy

Best of Luck in
the future to a
neighbor.
